

Support and Care *Throughout your Cancer Treatment*

3rd Monday of the Month | 11:00am-2:00pm

Please join us for relaxing services designed to support and comfort individuals who are undergoing cancer treatment.

Cut Out Cancer's mission is to help you get through your cancer treatments, providing special care and healing through spa and salon services that target specific symptoms or just make you feel pampered.

Come experience some complimentary services, try an art project, enjoy refreshments, and socialize with others in a safe, warm and welcoming place. A friend or support person is welcome to join you, too.

As you register for the event, let us know what specific services you might be interested in that day:

- **Massage**
- **Acupuncture**
- **Mini Facials**
- **Haircut, style or shave** (Please come with clean hair – we are not able to wash hair.)

To register visit www.mandelljcc.org/care or call Sharon O'Brien at 860-231-6333.
